ANYWHERE SATELLITE TV

The VuQube is the world’s first self contained, light-weight, ultra-portable satellite antenna that can be used as both a portable and a fixed mount dish system. Take your favorite satellite TV programs and sports broadcasts wherever you go. Whether you’re away at the cabin for a weekend hunting or fishing trip, tailgating at the big game, camping or RVing, or simply want to watch the race in your backyard while barbequing with family and friends – the VuQube let’s you enjoy your favorite satellite TV programs anywhere life takes you.

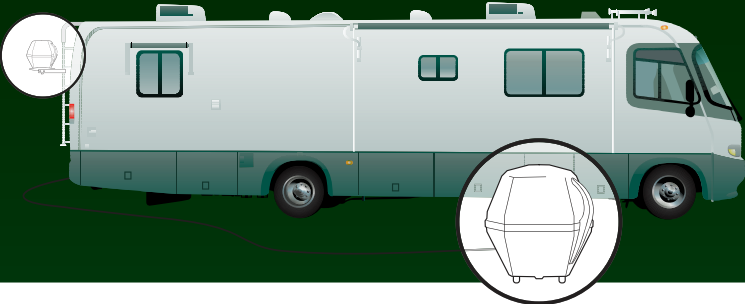

Mobile Satellite TV

Enjoy all the advantages of a roof-mounted dish and portable unit all-in-one!
